

Crosspoint Fellowship Membership Covenant

THE HARVEST

- We covenant to be intentional in building life-on-life relationships to the end of sowing the seed of the harvest, cultivating that seed, reaping, and "vintaging" believers into mature followers of Christ. We will not be dependent on Crosspoint worship services to be the only instrument of sowing in our lives.
- We will spend ourselves in the harvest here and around the world. He has called us to disciple all peoples and we will be invested in big dreams and big plans concerning "global discipling".

DISCIPLESHIP

- We are serious about growing and maturing in our faith and discipling other believers. Community Bible study and teaching times will be a priority and will be reflected in attendance and participation.
- We understand that faithful discipleship is the result of hearing and doing the Word of God. Crosspoint is making an intentional effort not to over-program the "doing."

SERVICE

- We covenant to serve the community of faith at Crosspoint through our areas of giftedness. Through prayer, wise counsel and under the direction of church leaders, we will seek to know what our spiritual strengths and gifts are in an effort to build up the Body of Christ at Crosspoint.
- We covenant to financially support the ministry of Crosspoint Fellowship through regular, sacrificial giving. We understand that our financial support is a privilege and a part of our worship as well as our pledge and responsibility to the Body of Christ.

WORSHIP

- We understand that community worship times at Crosspoint are a worship expression of the journey of faith between Sundays. We recognize that worship is an offered life, not just a song. Crosspoint community worship times are a time of teaching, celebration, prayer, and response.
- We understand that our community worship times are real spiritual encounters with a Living God. As a result, corporate worship events focus on His good pleasure and our response to His message.
- We covenant to honor the Body of Christ through regular worship attendance and help hold one another accountable to the ministry of attendance.
- We covenant to pray for God's sovereign work through Crosspoint Fellowship.

FELLOWSHIP

- We understand that we have the responsibility to seek out "Spontaneous" (Spontaneous) connections with other members at Crosspoint Fellowship.
- We agree to guard and preserve the unity of the Body by adhering to the instruction of Scripture concerning the fellowship of believers.
- We understand that Crosspoint Fellowship is a theocracy, not a democracy. We understand that Crosspoint Fellowship is led by an Elder Board, not led by the entire congregation, and that submitting to that authority is Biblical. We agree that the prescribed Biblical model for the community of faith involves church discipline.
